Registration Information

Online Registration ends October 4, 2015 at 5:00 P.M. EST. After this date, please register at the conference at the IPPS registration desk in the lobby of the Sheraton Tampa Riverwalk Hotel.

Please note that due to the cost of manning the registration booth, registration hours have been reduced. Please check registration booth hours in the schedule to determine when to pick up your nametag or register on-site. We encourage pre-registration to reduce delays that can occur when registering on-site. We don't want you to miss out on any activities because you were waiting in line!!!

Hickory, NC, 2014

HOTEL INFORMATION

Host Hotel: Sheraton Tampa Riverwalk

The hotel is beautifully located on the Hillsborough River across from the University of Tampa and only 8 miles from Tampa International Airport (TPA). The hotel is conveniently located near the Port of Tampa, the Florida Aquarium, Raymond James Stadium, home of the Tampa Bay Buccaneers and the Outback Bowl, and much more. Explore Ybor City, the area's historic Latin Quarter and premier entertainment district. Relax at nearby beaches, race on a pair of jet skis, or charter a fishing boat for the day. Parking is \$10.00 per day. Free wireless internet. Local shuttle available within a three mile radius (includes Ybor City). Water taxi to spots along the river.

2015 IPPS-SR Tour Description

Sunday Tour

Riverview Flower Farms, Seffner, FL—Supplies annuals and perennial plants to Home Depots from Key West to Tallahassee. Innovators in marketing plants (SausEdge, Classic Creations, Classic Selections, and Classic Living Walls) to the consumer. Riverview Flower Farm uses many sustainable production practices. Their soil mix is formulated with compost and inoculated with beneficial micro-organisms that protect roots from disease and increase fertilizer efficiency. Techniques such as biological pest prevention, soil recycling, and drip irrigation earned Riverview Flower Farm the Commissioner of Agriculture's recognition with the Environmental Leadership Award in 2006. They co-developed software GrowerLive™ to manage inventory. We will be visiting their propagation site.

Mariposa Nursery and Retail Center, Bradenton, FL- Started in 2004, Mariposa nursery is run by IPPS member Francios and Rondell Brun-Wibaux. They operate 20 acres in full production, and a retail garden center open to the public. They offer a tremendous range of plant material, mulches, pottery, chemicals, fertilizers, soil amendments, boulders, fountains, home décor items, and gardening tools in the tri-county area. The nursery design is contoured to allow water to collect in the centrally located lake. Their "Spring Season" starts in the fall/winter when snow birds return to their winter residences and spruce up their yards.

The Ringling Bayfront Gardens, Sarasota, FL - This is the residence garden of the circus magnate John and his wife Mable Ringling. As awe-inspiring as any work of art, The Ringling Bayfront Gardens are a living treasure. Courting couples statuary watch over Mable's Rose Garden. Enjoy the shade that the majestic Banyan trees provide, the delight inspired by the whimsy of the Dwarf Garden, the echos from the past where the Circus King finally rests in the Secret Garden, the cooling breezes that blow along the Bayfront promenade and the Millennium Tree Trail. This is a place of nature's making and man's design.

Speedling, Inc., Sun City Center- Started in 1968. One of the world's largest growers of containerized transplants. 1 billion transplants annually. 800,000 sq.ft. of growing space at the Sun City location. Inventor of the inverted pyramid cell tray. Produces expanded polystyrene trays on site. Products include vegetables, bedding and energy plants.

Tuesday Tour

Harrell's Nursery, Plant City, FL. - Harrell's nursery is a 250 acre container grower of 150 varieties of woody ornamentals and trees. Started in 1962 and run by family, they are the largest nursery in Hillsborough County. Plants are shipped to Washington D.C. to Arizona, as well to the Caribbean. Most propagation is done on farm.

Bok Tower Gardens, Lake Wales, FL. - Bok Tower Gardens sits atop Iron Mountain (one of peninsular Florida's highest points), boasts one of the greatest works of famed landscape architect Frederick Law Olmsted Jr. The meandering, historic landscape garden was designed to be a contemplative and informal woodland setting offering a series of romantic recesses and tranquil resting spots, picturesque vistas and breathtaking views of the Singing Tower. Acres of ferns, palms, oaks and pines fashion a lush backdrop for flowering foliage and the spectacular seasonal color of azaleas, camellias and magnolias. One of the wonderful attributes of the Gardens and natural habitats is its wildlife population. It includes 126 different species of birds as well as the threatened gopher tortoise and endangered eastern indigo snake. The grounds of Bok Tower Gardens is a designated site on the Great Florida Birding Trail. The gardens also hosts, a 205-foot neo-Gothic and art deco Singing Tower. Designed by famed architect Milton B. Medary and ornately crafted by noted stone sculptor Lee Lawrie, the Tower houses one of the world's finest carillons. We should be there when the 60 bell carillon plays. Bok Tower has many unique features including an Endangered Plant Garden which provides a one-of-a-kind opportunity to see some of Florida's rarest plant species. Approximately 30 species from north and central Florida are displayed, including Godfrey's Blazing Star (*Liatris provincialis*), Britton's beargrass (*Nolina brittoniana*), Lakela's mint (*Dicerandra immaculata*), Florida jujube (*Ziziphus celata*), four-petal pawpaw (*Asimina tetramera*) and Florida golden-aster (*Chrysopsis floridana*).

Butler Tree Farm, Lakeland, FL - Butler Tree Farm is wholesale nursery, specializing in trees and large shrubs grown in his patented, above ground Cool Ring container (now manufactured by The Florida Cool Ring Company).
