

IPPS

Sharing Plant Production Knowledge Globally

Europe

“Growing a greener future”

This year's European conference is being held in the UK after a couple of exciting years on mainland Europe. Our base for the three day event being from The Harbour Hotel in Guildford, Surrey, not far from South West London.

Tickets on sale at
Eventbrite

“Growing a greener future” aims to share with you knowledge from various fields across horticulture, with the goal of finding a way to grow better, cleaner, greener.
