International Plant Production Society

September 2025 International Newsletter

New Website Launched

We're excited to announce the launch of the brand-new IPPS website—a fresh, modern site designed with our members in mind! The updated site offers a more intuitive layout, improved navigation, and a mobile-friendly experience, making it easier than ever to connect with fellow members, register for events, access valuable resources, and stay informed about what's happening across all IPPS regions. Whether you're searching for the Combined Proceedings, looking to renew your membership, or exploring international programs, everything you need is just a few clicks away.

This new platform also allows each regional board greater flexibility in managing their own content and highlighting local news, events, and updates. As we continue to enhance the site, we welcome your feedback and ideas (please be kind as regional secretaries and administrators learn the new system!).
